

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

57. (Currently amended) ~~A clear,~~ An edible oil comprising more than 10% ~~about 10% to about 30%~~ of a sterol fatty acid ester composition, wherein the sterol fatty acid ester composition comprises more than 50% monounsaturated fatty acid (MUFA) moieties; wherein the edible oil that contains the sterol fatty acid ester composition remains clear upon addition of the sterol fatty acid ester composition; and wherein the edible oil that contains the sterol fatty acid ester composition is free of solids at temperatures of greater than about 60°F.

58. (Previously amended) The clear, edible oil of claim 57, wherein about 55% to about 80% of the fatty acid moieties are MUFAs.

59. (Previously presented) The clear, edible oil of claim 58, wherein about 60% to about 70% of the fatty acid moieties are MUFAs.

60. (Previously presented) The clear, edible oil of claim 57, wherein less than about 6% of the fatty acid moieties are saturated fatty acids (SFAs).

61. (Previously presented) The clear, edible oil of claim 60, wherein about 0.1% to about 4% of the fatty acid moieties are SFAs.

62. (Previously presented) The clear, edible oil of claim 61, wherein about 0.5% to about 2% of the fatty acid moieties are SFAs.

63. (Previously presented) The clear, edible oil of claim 57, wherein less than 50% of the fatty acid moieties are polyunsaturated fatty acids (PUFAs).

64. (Canceled)

65. (Previously presented) The clear, edible oil of claim 57, wherein the unesterified sterol level is less than about 10%.

66. (Previously presented) The clear, edible oil of claim 58, wherein the unesterified sterol level is less than about 5%.

67. (Previously presented) The clear, edible oil of claim 59, wherein the unesterified sterol level is less than about 3%.

68. (Previously Amended) An edible oil comprising more than about 10% of a sterol fatty acid ester composition, the sterol fatty acid ester composition comprising more than about 50% monounsaturated fatty acids, less than about 6% saturated fatty
